3. **Business Arising from the Minutes of the Previous Meeting**

   No business arising from the Minutes of the previous meeting.

4. **Declarations of Conflicts of Interest**

   No declarations of conflicts of interest.

5. **General Business**
5.1 **Update on COVID-19 in New South Wales**

Nicholas Rigby provided an update to the Committee on his research of the COVID-19 pandemic and government restrictions in New South Wales. The rest of the nation has accepted that NSW is the gold standard with businesses open and not many restrictions. The state has been able to quickly identify clusters and follow up on them. There were some people who tested positive who went to Broadway. A member of the public also used the Carslaw Building toilets. The Premier’s advice is to stay vigilant. Cases have fluctuated between 5 and 15 over the past few weeks.

The Committee noted that it is positive to see an overall downward trend in NSW and Victoria.

5.2 **Update on Financial State of the USU**

The month-to-date outlet sales in September 2020, comparison of week 1 and week 2 outlet sales, and campus attendance numbers in week 2 were tabled and taken as read.

Jess Reed provided an update on the financial state of the USU and noted:

- The model has been updated with the actual performance for August to the close of month;
- A new Director of People and Culture has been factored from March; and
- Using conservative revenue, we are getting a positive cash flow.

The Committee noted the update.

5.3 **Consideration of legal advice**

The Committee discussed increasing staff capacity reductions. It was noted:

5.4 **Review of staff capacity reductions**

The Committee discussed increasing staff capacity reductions. It was noted:
• Some members of the Committee argued that we are performing well financially. Other members of the Committee said that they are hesitant to support an increase unless they see positive upward trends consistently because there are risks with revenue falling;
• Some members of the Committee said that capacity needs to be increased because there is adequate work with forward planning for semester 1 next year. Other members of the Committee said that we should work with what is in front of us as we do not know about the future; and
• Some members of the Committee said that it is important to help staff as much as possible, generate loyalty and staff morale. They suggested that we develop a Staff Retention Plan. Other members of the Committee said that the move to 60% capacity was going to be supportive of staff.

The Committee decided that:

• An extra week of data would be helpful and the Committee should revisit this issue next week;
• The management should provide an updated cash flow model, and foot traffic at our peripheral outlets; and
• At its next meeting, develop a Staff Retention Plan.

5.5 Claims for financial special consideration

Resolved
CRC006/20

6. Other Business
The Committee noted that the Redacted Minutes of the COVID-19 Response Committee should be distributed and we should explain the special consideration process. It was noted that staff are looking for a plan going into 2021 and when we will return to normal capacity. It was suggested that the Committee meets again before the next Staff Forum.

The Committee discussed whether staff members should conflict off decision-making about staff capacity. Jess Reed agreed to conflict off those issues to alleviate the concerns raised by some members of the Committee.

### 7. Date of Next Meeting

The Committee determined that the next meeting of the Committee shall be on Monday 14 or Tuesday 15 September 2020 at a time to be determined by the Board Secretary.

**CLOSE OF MEETING**

The Chair closed the meeting at 3:01pm.
