3.3.1. Evolution of Verge - Popfest

Jodi spoke of the plans of evolving Verge Festival into a Pop Culture Event; opening the event to a larger demographic base.

Lachlan agreed that this would be a great idea and would appeal to a broader range of students.

Liliana emphasised the importance of satellite campus consultation and her concerns around removing a very SCA focused event.

Connor raised concerns around Jodi’s contract and whether this event would be able to run without her and her contacts in this area. Jodi confirmed the event will not just based on her presence and contacts.

Marie thinks it is fantastic although has concerns that Verge has been pushed aside, suggesting both events could run alongside one another. Jodi explained the importance to distinguish between Verge festival and the gallery. The gallery is going well although has not directly benefited from the festival in the past. There has been some branding confusion between the two in the past.

Liliana suggested for the board to vote today, and heavily involve SCA inviting representatives to sit on the steering panel for Popfest.
